

About LONGWAY

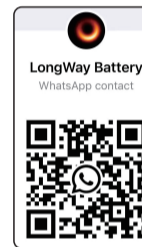

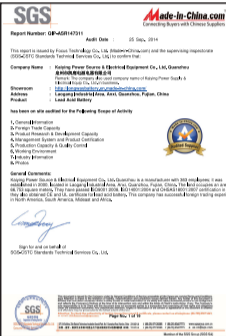

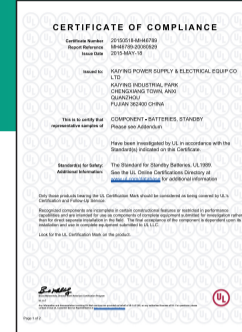

LONGWAY brand battery (Kaiying Power Supply & Electrical Equip Co., Ltd) is a professional lead-acid battery manufacturer integrating R&D, production, sales and service. Now it has 2 production plants, more than 100,000 square meters of standardized workshops, and more than 1,000 employees. The company has powerful technology and strength, advanced production equipments and testing equipments. It produces more than 80,000 batteries per day, with an annual production capacity of 2,00,000KVAh.

Medical equipment battery (power battery) products cover nominal voltage 12V, 18V, capacity from 2.6Ah to 100Ah. All battery performances meet or exceed IEC60254, ISO7176 and other standards. The product has the advantages of high capacity, compact size, long life and light weight. Products are widely used in medical equipment products such as electric wheelchairs, rehabilitation equipments and testing equipments. It produces more than 80,000 batteries per day, with an annual production capacity of 2,00,000KVAh.

Batteries For Medical Equipment

Medical Equipment Battery Professional Solution Manufacturer

Long Service Life

- > No less than 500 cycles in accordance with IEC60254-1
- > Low self-discharge, long storage life.

Safe & Reliable

- > No explosion or fire in accordance with SAE/J1495-2018
- > VRLA Battery and strong vibration resistance, no leakage

R&D

- > Customized services
- > Professional technical support

Quality

- > ISO 9001 Quality Management System
- > Comprehensive supply chain, professional management team
